Main Objective

Assist Morocco in its ambition to develop and strengthen a **new national quality assurance agency for higher education**. The project will identify and assist in the development of the essential components of the QA system that meet national and institutional needs; a "roadmap" and a white paper establishing a reasonable transition from the current situation to international standards and expectations.

Specific objectives

1. A **roadmap** for implementing and/or improving QA functions and procedures
2. A **White Paper** to inform on the implementation of the new QA system with recommendations to address the common needs of EQA and IQA in Morocco. It will include a 10-year "roadmap" to support the development of a quality culture.
3. A shared **toolbox** to meet the needs of internal quality assurance and external quality assurance in Morocco that will lead to
4. A **code of practice** for quality assurance management in Moroccan universities.
